# BGA FLEX

## THE NEW FLEXIBLE TRAINING MODEL:

Starting this season, **Barcelona Golf Academy** is launching a more **flexible format: BGA FLEX** allows each family to choose the training days that best suit their weekly availability.

- Saturday remains mandatory, but you decide whether to train only on that day or complement it with Tuesday, Thursday, or Friday.
- The goal is to adapt to each player without labels or fixed levels.
- Choose your training load and we will organize the group and content according to your level and objectives.
- Because each player is unique, and so is their path.
